**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a competitive customer of AT&T, who incidentally carries my cell phone business at financial gun point. Even so my home phone and internet and other critical services are provided by Sonic.net as they are cheaper, local and service is incomparable. AT&T with their Philpino and Indian reps stink! But I digress.

I want to emphasize that it is CRITICAL to support all broadband competition for obvious reasons. My provider, Sonic.net is local, American based, provides far better service than AT&T and their ilk ever did and I can't imagine the internet or home phone and other services without them. The AT&Ts of the world are all about domination and crappy service. Taking away their competition, American jobs and the great service competition inspires is unAmerican and a horrid business practice.

Do your job please and maintain this critical competition to AT&T i.e. those who'd love nothing more than undeserved world domination, want only to MONOPOLIZE world communications. DO NOT LET THEM!

Sincerely,

Deborah Harvey
